All AP exams (with few exceptions) have a multiple-choice section and a free-response section.. AP Studio Art requires students to submit a portfolio for review. AP Computer Science Principles requires students to ...

Advanced Placement exams - Wikipedia

In mathematics, matrix calculus is a specialized notation for doing multivariable calculus, especially over spaces of matrices. It collects the various partial derivatives of a single function with respect to many variables, and/or of a multivariate function with respect to a single variable, into vectors and matrices that can be treated as single entities.

Matrix calculus - Wikipedia

At some point a longer list will become a List of Great Mathematicians rather than a List of Greatest Mathematicians. I've expanded my original List of Thirty to an even Hundred, but you may prefer to reduce it to a Top Seventy, Top Sixty, Top Fifty, Top Forty or Top Thirty list, or even Top Twenty, Top Fifteen or Top Ten List.

The 100 Greatest Mathematicians - fabpedigree.com

One was a charter school operator desperate for authorization after years of rejection by multiple school districts. The other was a teeny district in the rural high desert, hemorrhaging students, facing insolvency and in dire need of revenue.

How a tiny California school district sparked calls for a ...

calculus (infinitesimal calculus): a branch of mathematics involving derivatives and integrals, used to study motion and changing values calculus of variations: an extension of calculus used to search for a function which minimizes a certain functional (a functional is a function of a function) cardinal

numbers: numbers used to measure the cardinality or size (but not the order) of sets - the ...
