Once again KA. Tucker knocks it out of the park. I don't normally love the flipping back and forth between the present and the past but it worked REALLY well in Burying Water. I've found that Burying Water has stuck with me since finishing it, but the process itself wasn't as thrilling and all-consuming that I'm used to experiencing from KA Tucker. It was still a good story, and I loved that things didn't really push my comfort level as some of the Ten Tiny Breaths books did.

Surviving Ice is the fourth book in the Burying Water series by K.A. Tucker. I started this series late, so I really need to go back and catch up on the first two books.
