By Air Force Flight Test Center History Office, Dr. James Young, Chief Historian. After a short stint as a flight instructor at Perrin Field, TX, Yeager was assigned as assistant maintenance officer in the Fighter Section of the Flight Test Division at Wright Field, OH.

Mach Buster | General Chuck Yeager

The OODA Model (Observe, Orient, Decide, and Act) is an information strategy concept for information warfare developed by Colonel John Boyd (1927-1997). Although OODA was clearly created for military purposes, elements of the same theory can also be applied to business strategy. Boyd developed the theory based on his earlier experience as a fighter pilot and work on energy maneuverability.
