Bright of the Sky. There are a few SFnal aspects to this world that are mentioned in reviews: a land mass that's supposedly interstellar in size (although the story never shows that well), a burning sky, rivers of exotic matter that serve as a transportation system, and giant walls that form the boundary of this constructed space.

Olbers' paradox. In the hypothetical case that the universe is static, homogeneous at a large scale, and populated by an infinite number of stars, then any line of sight from Earth must end at the (very bright) surface of a star and hence the night sky should be completely illuminated and very bright.
