Baby's First DNA Model. This is a knitted model of DNA, complete with GC/TA base pairs represented by orange-green bars with a pointed join and blue-yellow bars with a stepped join (because there weren't enough stitches to make a wave or curve), replicating the standard simplified DNA model. As you can see from the pictures, it also makes a good toy insofar as it holds its shape while squished ...

In Books, Toddlers and Language, I told you about how reading repetitive books with infants and toddlers can be a great way to entice them into using language with you. These books are great for any child and they can also be essential tools for helping children with diagnoses such as apraxia or autism. Here, then, is a list of my favorite repetitive books.
