Candide And Other Stories Worlds

A novella is a text of written, fictional, narrative prose normally longer than a short story but shorter than a novel, somewhere between 17,500 and 40,000 words.. The English word "novella" derives from the Italian novella, feminine of novello, which means "new". The novella is a common literary genre in several European languages.

The novella is the stepchild of literary genres. It's too long for a short story and too short for a novel. Publishers look down on them because they are hard to sell. There is even confusion about what the word really means. Literally it's Italian for a "little novelty". Originally the word was used for tales in frame stories like the Arabian Nights and Boccaccio's Decamerone.
