Carrier IQ was a privately owned mobile software company founded in 2005 in Sunnyvale, California. It provided diagnostic analysis of smartphones to the wireless industry via the installation of software on the user's phone, typically in a manner that cannot be removed without rooting the phone. The company says that its software is deployed in over 150 million devices worldwide.

8 Essential Steps For When You Get Dumped - Return Of Kings

Over the years I've known a few friends (and, sadly, family) who at some point I began to see in a different light—these were men very close to me who eventually revealed themselves to always make bad decisions, avoid personal change and self improvement, fail with women (or get with terribly low-tier ones), and periodically need my help to get themselves out of a hole they had dug for ...
