This is the first in a new series by Ann Aguirre and her husband, Andres, designated "Apparatus Infernum." I don't know what the title is supposed to signify; no actual bronze gods appear in the story, although "Bronze gods!" is a frequently-used expletive, much like "My God!" in contemporary American usage.

Cops, machinery, and old fey magic make for a stunning combination in this first story in A.A. Aguirre's Apparatus Infernum series. When someone says "Bronze Gods", it's a curse. Mikani and Ritsuko, well, Mikani anyway, say it rather a lot in the course of the investigations that make up this story.

My Review: I absolutely adored Bronze Gods (reviewed here) the first book in the Apparatus Infernum series. While I certainly enjoyed Silver Mirrors, it didn't grab me quite as much.
