Market dynamics are forces which will impact prices and the behaviors of producers and consumers. In a market, these forces create pricing signals which result from the fluctuation of supply and ...

Market Dynamics Definition, Causes, and Effects

Whereas kinematics is the study of objects in motion, dynamics is the study of the causes of motion. In other words, kinematics covers the "what" of motion, while dynamics covers the "how" and "why." Forces are the lifeblood of dynamics: objects move and change their motion under the influence of different forces. Our main emphasis will be on Newton's three laws, which ...
