Being Geek - O'Reilly Media

"Being Geek" covers the career path of a software developer and the goals therein. Along the path are anecdotes of failures, disasters and the occasional bright spot. The writing style is addictive, and Rands clearly lays out the perils in transitioning from someone in the front lines of operations to a manager.

Book Review: "Being Geek: The Software Developer's Career ...

Team Geek is a perfect read for every software engineer, no matter whether working in a big or small company. The book revolves around authors' careers as a software developers and later as a

team leads/managers. As the authors' careers, the book also progresses from team work to managing people (a lot on that).
