Burn Notice is an American television series that originally aired on the cable television channel USA Network from June 28, 2007 to September 12, 2013. The show follows the life of protagonist Michael Westen (Jeffrey Donovan), a covert operative who has been "burned" (identified as an unreliable or dangerous agent) and tries to find out why. With his assets frozen, he is unable to leave Miami ...

The polar night occurs in the northernmost and southernmost regions of the Earth when the night lasts for more than 24 hours. This occurs only inside the polar circles. The opposite phenomenon, the polar day, or midnight sun, occurs when the Sun stays above the horizon for more than 24 hours. "Night" is understood as the center of the Sun being below a free horizon.
