If I come across a person who seems to completely ignore the existence of apostrophes and capital letters and types things like "im an eagle and im typing with my talons, so dont make fun of me cuz this is hard," I like to imagine that they actually are an eagle typing with their talons. It would be a hassle if you had to hop in the air and use your feet to karate-chop two keys simultaneously ...

The first reason why Fortnite is the superior game is that it is free-to-play, and not pay-to-win. PUBG is \$29.99 for either Xbox or PC. While I can spend money on in-game currency, it's only good for customizable skin options. Despite the various styling options that can alter the way my player looks in PUBG, these upgrades do nothing to enhance the actual gameplay experience.
