Cities John Reader

Cities is a fascinating exploration of the nature of the city and city life, of its structures, development and inhabitants. From the ruins of the earliest cities to the present, John Reader explores how cities coalesce, develop and thrive, how they can decline and die, how they remake themselves.

Cities: John Reader: 9780099284260: Amazon.com: Books

Lawrence Norfolk enjoys Cities, John Reader's fascinating account of how the urban jungle grows and sometimes crumbles. Lawrence Norfolk.

Review: Cities by John Reader | Books | The Guardian

Cities [John Reader] on Amazon.com. *FREE* shipping on qualifying offers. In Cities , the acclaimed historian John Reader takes us on a journey of the city—from its earliest example in the Ancient Near East to today's teeming centers of compressed existence

Cities: John Reader: 9780802142733: Amazon.com: Books

John Reader's Cities is more of a collection of essays about different aspects of urbanism than it is a coherent statement about the city in history. The fact that you don't, by any means, need to read this one cover to cover from front to back to get into it was a pleasant surprise.

Cities by John Reader - Goodreads

In the end, Reader is concerned about the environmental impact of cities (p. 294), but he fails to square this with the idea that the city may be the most ecologically sound way to meet the needs of millions of people (by reducing the resource needs for materials, space, and the energy inherent in transportation.)

Book Notes: Cities by John Reader - december.com

Reader notes that the centralization of craftsmen was a significant factor in the evolution of urban areas, as was the necessity to feed large numbers of people efficiently. He races through the streets of Greek, Roman and medieval cities, then on through the communities created and soiled by the Industrial Revolution.
