A flipped classroom is an instructional strategy and a type of blended learning that reverses the traditional learning environment by delivering instructional content, often online, outside of the classroom. It moves activities, including those that may have traditionally been considered homework, into the classroom. In a flipped classroom, students watch online lectures, collaborate in online ...

Why Is It Important? If the days of creation are really geologic ages of millions of years, then the gospel message is undermined at its foundation because it puts death, disease, thorns, and suffering before the Fall. The effort to define "days" as "geologic ages" results from an erroneous approach to Scripture—reinterpreting the Word of God on the basis of the fallible theories of ...
