Polymorphism in biology and zoology is the occurrence of two or more clearly different morphs or forms, also referred to as alternative phenotypes, in the population of a species. To be classified as such, morphs must occupy the same habitat at the same time and belong to a panmictic population (one with random mating).. The term polyphenism can be used to clarify that the different forms ...

Polymorphism (biology) - Wikipedia

A dynamic model of the relationship between light intensity and the rate of photosynthesis in phytoplankton has been developed. The model describes the photosynthetic processes and those connected with photoinhibition and recovery from photoinhibition.

A model for the relationship between light intensity and ...

OX40 is a type 1 transmembrane glycoprotein, reported nearly 30 years ago as a cell surface antigen expressed on activated T cells. Since its discovery, it has been validated as a bone fide costimulatory molecule for T cells and member of the TNF receptor family.

The Hedgehog signaling pathway is a signaling pathway that transmits information to embryonic cells required for proper cell differentiation. Different parts of the embryo have different concentrations of hedgehog signaling proteins. The pathway also has roles in the adult. Diseases associated with the malfunction of this pathway include basal cell carcinoma.

Hedgehog signaling pathway - Wikipedia

USGS-19-FAC-8682. This project is in support of joint research and data collection activities for Passive Flux Meters (PFMs), specifically the use of PFMs for different type of contaminants (EDB and PFAS) and for conditions for deployment (deep wells) on New Mexico Air For

Cancer constitutes an enormous burden on society in more and less economically developed countries alike. The occurrence of cancer is increasing because of the growth and aging of the population, as well as an increasing prevalence of established risk factors such as smoking, overweight, physical inactivity, and changing reproductive patterns associated with urbanization and economic development.
