Reading is the complex cognitive process of decoding symbols to derive meaning. It is a form of language processing.. Success in this process is measured as reading comprehension. Reading is a means for language acquisition, communication, and sharing information and ideas. The symbols are typically visual (written or printed) but may be tactile ( ). Like all languages, it is a complex ...

Over the last 25 years, the federal government has made a concerted effort to find out why so many children struggle with learning to read. This research has yielded a rough consensus on the best ways to teach reading, and we now know much more about how to identify children at risk and how to intervene effectively. The challenge that remains is getting this research-based

The value of Yogananda's Autobiography is greatly enhanced by the fact that it is one of the few books in English about the wise men of India which has been written, not by a journalist or

foreigner, but by one of their own race and training—in short, a book about yogis by a yogi. As an eyewitness recountal of the extraordinary lives and powers of modern Hindu saints, the book has ...

The idea and image of black Haitian revolutionaries sent shock waves throughout white America. That black slaves and freed people might turn violent against whites, so obvious in this image where a black soldier holds up the head of a white soldier, remained a serious fear in the hearts and minds of white Southerners throughout the antebellum period.
