Banana The Fate Of Fruit

In political science, the term banana republic describes a politically unstable country with an economy dependent upon the exportation of a limited-resource product, such as bananas or minerals. In 1901, the American author O. Henry coined the term to describe Honduras and neighbouring countries under economic exploitation by U.S. corporations, such as the United Fruit Company.

Banana republic - Wikipedia

A banana is an edible fruit – botanically a berry – produced by several kinds of large herbaceous flowering plants in the genus *Musa*. In some countries, bananas used for cooking may be called "plantains", distinguishing them from dessert bananas. The fruit is variable in size, color, and firmness, but is usually elongated and curved, with soft flesh rich in starch covered with a rind, which ...

Banana - Wikipedia

Dan Koeppel, author of *Banana: The Fate of the Fruit that Changed the World* (2008), recently published a story in *The Scientist* magazine claiming that the type of banana that most Americans eat may be doomed. He speaks to Food Republic about supermarkets, banana cloning and the inevitable downfall of the cheapest fruit.

The Banana Problem - Food Republic

Bananas are one of the world's most appealing fruits. Global banana exports reached about 18 million tons in 2015, according to the United Nations. About half of them went to the United States and ...

This part of the globalissues.org web site looks into the banana trade war. The causes and effects of this is typical of what goes on around the world, and millions of livelihoods are affected, in the name of corporate interests and profit, not fair trade.

The Banana Trade War — Global Issues

The world's most popular fruit could go extinct. In the mid 1900s, the most popular banana in the world—a sweet, creamy variety called Gros Michel grown in Latin America—all but disappeared ...

Bye, bye, bananas - The Washington Post

The banana used to be a luxury good. Now it's the most popular fruit in the U.S. and elsewhere. But the production efficiencies that made it so cheap have also made it vulnerable to a deadly fungus that may wipe out the one variety most of us eat. Scientists do have a way to save it — but will Big Banana let them?

Chocolate Chip Walnut Banana Bread - Melanie Makes

Dreaming of fruit often suggests that you are going to be able to take positive, meaningful actions in the future. If your dream of rotten fruit, this indicates that you have missed out on an opportunity. If the fruit is not nice to eat, there is a project which has not yet been started. To dream of fruit suggests that you are going through a process of growth.
