Straight betting is never a good idea. Generally whatever you do the odds will always be either slightly or drastically against you and you will lose over time. The only way to win is to gain an edge and eliminate the gambling element. Matched betting is a good way to start to understand how to do this.

### **Is it a good strategy to always bet on the favorite? - Quora**

For example, if you bet on an underdog vs a favorite match and in some case a favorite trail, you can double your investments and win. Sure, the odds are not big but over some time you can accumulate enough winnings to call yourself a successful bettor in football betting.

### **How To Bet on Football Games and Always Win**

You should not see sport betting as a way to make money bet by bet. You should find a method that gives you a positive result at the end of the month or even then year. If you can find someone that can prove that he has a positive return every month, then dedicate your "betting money" to him, put away the entertainment aspect of sport betting ...

Sports Betting Library > Sports Betting Articles > When To Bet On Heavy Underdogs? A lot of bettors – most, I would even say – don't like betting heavy underdogs on the moneyline. They equate the large potential payouts with a high amount of risk and a low chance of paying off, and they look elsewhere – often with the heavy favorites.
