Ringer's lactate solution (RL), also known as sodium lactate solution and Hartmann's solution, is a mixture of sodium chloride, sodium lactate, potassium chloride, and calcium chloride in water. It is used for replacing fluids and electrolytes in those who have low blood volume or low blood pressure. It may also be used to treat metabolic acidosis in cases other than those caused by lactic ...

Ringer's lactate solution - Wikipedia

Having lower blood pressure measurements at the doctor's office than at home is called masked hypertension. Masked hypertension can occur if a calm, quiet environment at your doctor's office is less stressful than the environment at home — leading to a lower blood pressure reading at the doctor's office.

Blood pressure readings: Why higher at home? - Mayo Clinic

Many Different Molecules: Maintaining the Body's Chemistry. In order for blood to perform its essential functions of bringing nutrients and oxygen to the cells of the body, and carrying waste materials away from those cells, the chemical composition of the blood must be carefully controlled.

Kidney Dialysis - Department of Chemistry

Introduction. When most people get a small cut on their skin, it bleeds for a little while and then it stops bleeding. The entire process by which the bleeding stops is called hemostasis. Hemostasis is important because losing too much blood can be dangerous, and the bleeding needs to stop in order for the wound to heal. An essential part of hemostasis is coagulation of the blood.
