Can anyone give me the answers to the chapter 15- The Urinary System for my anatomy class? its a really long packet and I need help. Anything will help! even a few pages will make a difference! i googled and couldn't find anything :/

Can anyone give me the answers to the chapter 15- The ...

The organ system that performs this function in humans—the urinary system—is the topic of this chapter. The organs of the urinary system are organs of excretion—they remove wastes and water from the body. Specifically, the urinary system “cleans the blood” of metabolic wastes, which are substances produced by the body that it cannot
