Beyond Feelings. Ruggiero gives us four things to remember to help us overcome the tendency to oversimplify cause and effect relationships. They are: Events seldom "just happen;" free will is a powerful causative factor in human affairs; in the chain of events an effect can become a cause; in dealing with human events, outcomes can be unpredictable.

addition, resist the feeling that you know what the correct judgment is when that feeling arises early in the information-gathering process. 6) Oversimplification: Simplifying that does not merely scale down complex matters to more manageable proportion but twists and distorts them. Be sure your views are an accurate representation of reality.

Beyond Feelings | Download eBook PDF/EPUB

Critical thinking takes place in a mental environment consisting of our experiences, thoughts, and feelings. Some elements in this inner environment can sabotage our efforts to think critically or at least make critical thinking more difficult. Fortunately, we can exert some control over these elements.
