Income inequality in the United States is the extent to which income is distributed in an uneven manner among the American population. The inequality has increased significantly since the 1970s after several decades of stability, meaning the share of the nation's income received by higher income households has increased. This trend is evident with income measured both before taxes (market ...

The two sides interpret the same set of episodes from the late 1980s and early 1990s differently. As in the movie Rashomon, contradictory versions of the same episode seem credible and coherent, with the "truth" being difficult to pin down.Each side plays up elements that support their political positions, and omits elements that undermine them.
