A board of directors is a group of people who jointly supervise the activities of an organization, which can be either a for-profit business, nonprofit organization, or a government agency. Such a board's powers, duties, and responsibilities are determined by government regulations (including the jurisdiction's corporations law) and the organization's own constitution and bylaws.

"Due diligence" or the duty to investigate is one of the fiduciary duties of directors. Association boards of directors must make reasonable inquiry of rules violations, maintenance issues, reserve components, association finances, etc. before making decisions. This does not mean they must personally inspect water leaks or personally talk to vendors--they can rely on managing agents, committees ...
