Chemistry is the natural science involved with elements and compounds composed of atoms, molecules and ions: their composition, structure, properties, behavior and the changes they undergo during a reaction with other substances.. In the scope of its subject, chemistry occupies an intermediate position between physics and biology. It is sometimes called the central science because it provides ...

World history or Global history (not to be confused with diplomatic, transnational or international history) is a field of historical study that emerged as a distinct academic field in the 1980s. It examines history from a global perspective. It is not to be confused with comparative history, which, like world history, deals with the history of multiple cultures and nations, but does not do so ...

ANSWER: The catacombs were underground burial places in which Christians hid from the persecutions of the Roman emperors. During the first 200 years of Christianity, over 6 million Christians were entombed within the catacombs of Rome. - murdered. How many more were buried within the other unexplored catacombs is difficult to say.

Charity Status: The Creation Science Hall of Fame is a 501(c)(3) public charity. The IRS notified us, in a letter that President Nick Lally received on May 16, 2013.. Brief Policy Statement. In "honoring those who honor God's Word," the Creation Science Hall of Fame does not honor men instead of God in the sense of the world's vain idea of fame.

A paleontologist who believes the record in the Bible, which claims to be the Word of God, will come to different conclusions than an atheist who rejects the Bible. Willful denial of God's Word (2 Peter 3:3-7) lies at the root of many disputes over historical science. Many people think the Bible is just a book about religion or salvation.
