Use the following schedule to see what we did in class. You can also view and print any of the worksheets and assignments that were distributed during class.

Chemistry Lessons and Objectives - cpteacher.com

Some planes in the sky leave trails that persist and spread, and other planes, in the same sky, leave short-lived trails, or no trails at all. These trails are actually called contrails, short for "condensation trails". They are not smoke from the engines, they are formed when the water in jet engine exhaust (and there's quite a lot of it, like car exhaust on a cold day) mixes with wet ...

Why do some planes leave long trails, but others don't ...

Regular composting, also known as "cold composting", involves placing a variety of organic materials in a compost bin, enclosure, or even just in a large heap, and leaving it there until it breaks down several months later. It's a very slow process and typically takes 6 to 12 months. It can be sped up...

Food irradiation is the process of exposing food and food packaging to ionizing radiation. Ionizing radiation, such as from gamma rays, x-rays, or electron beams, is energy that can be transmitted without direct contact to the source of the energy capable of freeing electrons from their atomic bonds in the targeted food. The radiation can be emitted by a radioactive substance or generated ...

Introduction Of course there are problems associated with wind farms, visual objections are understandable; some people like the look of wind turbines, some don't, that's human nature; "some people find wind farms pleasant and optimistic, or symbols of energy independence and local prosperity" (Wikipedia), others think that they are a blot on the landscape.

Wind power problems, alleged problems and objections: a ...

For those of us who understand why the United States faked the moon landing of 1969 and why the Chinese and the Japanese and other nations fake moon and space missions today, it is very disconcerting to see an explosion in the bubble of fabricated reality as grandiose and egregiously brain damaging as the wealth gobbling fakery of a possible United States Space Force.
