Yes, I know that yesterday was Monday. But, I'm reaching that point in the semester where I am in deep need of motivation and inspiration. So, I figured I should compile a new volume of Monday Must Reads - a weekly-ish round-up of Twitter awesomeness to get my brain running with new ideas.

Math = Love

In this activity, students hear the story How Many Feet in the Bed? by Diane Johnston Hamm (Aladdin, 1994), and predict how many feet are in the bed as, one after another, family members hop into Mom and Dad's big bed on a Sunday morning.

Reasoning in Science Learning about the scientific method is almost like saying that you are learning how to learn. The scientific method is a process used by scientists to study the world around them. It can also be used to test whether any statement is accurate.

Biology4Kids.com: Scientific Studies: Scientific Method

Kids have a lot of misconceptions about capacity, and they can really only be cleared up through hands-on exploration. Sadly, I don't think they get opportunities for this like we did when we were kids. Instead of playing in a sand box or with cups and bowls in the bathtub, kids are playing with iPads and Wii's. And so many districts (mine included) are taking away sand and water tables from ...
