Cisco Secure Access Control Server, which is known as CS ACS, fills the server-side requirement of the Authentication, Authorization, and Accounting (AAA) client server equation. For many security administrators, the robust and powerful AAA engine, along with CS ACS's ability to flexibly integrate with a number of external user databases, makes the CS ACS software the first and sometimes only ...

The ELK Stack is popular because it fulfills a need in the log analytics space. Splunk's enterprise software has long been the market leader, but its numerous functionalities are increasingly not worth the expensive price — especially for smaller companies such as SaaS businesses and tech startups.
