Sir Ronald Aylmer Fisher FRS (17 February 1890 – 29 July 1962) was a British statistician and geneticist. For his work in statistics, he has been described as "a genius who almost single-handedly created the foundations for modern statistical science" and "the single most important figure in 20th century statistics". In genetics, his work used mathematics to combine Mendelian genetics and ...

Chemistry is the natural science involved with elements and compounds composed of atoms, molecules and ions: their composition, structure, properties, behavior and the changes they undergo during a reaction with other substances.. In the scope of its subject, chemistry occupies an intermediate position between physics and biology. It is sometimes called the central science because it provides ...

Chemistry - Wikipedia

Fructose it seems can induce ketogenesis and if we accept that ketones are an indication of hypoxia and we consider the implications of chronic hypoxia and that it precipitates all disease, all the sudden we have a very plausible explanation for the association of fructose with different disease states.

Edward Edmonds - In the end, you will suffocate to death ...

Feminist scholarship on war Given so many men's low interest level, most political science studies of gender roles in war come from a feminist perspective and most are written by women. In the International Studies Association, women scholars are seven times more likely than men to belong to the gender studies section, and this disparity is greater at the leadership level, even though the ...

I. Introduction. On a sunny day in early March 1921, Warren G. Harding took the oath to become the twenty-ninth president of the United States. He had won a landslide election by promising a "return to normalcy." "Our supreme task is the resumption of our onward, normal way," he declared in his inaugural address.

AUSTRALIA'S GREAT BARRIER REEF - A SHORT STAY GUIDE This is the ideal book for anyone wanting to visit the Great Barrier Reef. It is cheap in its price but not its content, having over 208 pages, covering the shore-based points of departure, the islands, and of course the reef itself.

GREAT BARRIER REEF - OCEANS

There are two Dicynodon sculptures in Crystal Palace, one large, one small. Particulars of their bodies and size indicate that they are meant to be different taxa. Owen (1854) indicates that the larger statue - "with the bulk of a walrus" - is *D. lacerticeps*, but he did not specify the identity of the smaller animal. He provides a clue, however, in stating it is a species with somewhat owl-like ...
