Research Training and Career Development. Although the majority of fellowships are funded as NRSA (e.g., F30, F31, F32, F33), NIH also funds non-NRSA fellowship programs such as the Fogarty International Center's International Neurosciences Fellowship (F05).

FAQs | Research Training and Career Development

“Sex” and “gender” are analytically distinct but not independent terms. They should be clearly defined when reporting research results. Sex and gender also interact in important and complex ways (see Analyzing how Sex and Gender Interact). Rarely does an observed difference between men and women involve only sex and not gender, and rarely does gender operate outside of the context of sex.
