Answer Central Nervous System - Lesson Worksheets

An Introduction to the Nervous System General Information about the Nervous System The following information may be useful in making (and explaining) a nervous system concept map with students. The survival of organisms depends on their ability to sense and respond to stimuli in their

AN INTRODUCTION TO THE NERVOUS SYSTEM

Your nervous system has three main parts: the central nervous system, the peripheral nervous system, and the autonomic nervous system. The central nervous system includes your brain and your spinal cord. The peripheral nervous system includes nerves that go from your central nervous system out to all parts of your body. The autonomic nervous system keeps your heart beating and your lungs breathing automatically without you even having to think about doing those things.
