One of our most stubborn challenges is to control the dawn phenomenon. That's when our fasting blood glucose readings in the morning are higher than when we went to bed. The dawn phenomenon is a normal physiological process where certain hormones in our body work to raise blood glucose levels before we wake up, as we wrote in The New Glucose Revolution: What Makes My Blood Glucose Go Up ...

Yes. The A Prayer Before Dawn true story confirms that on his first night in Chiang Mai prison, Moore slept on the floor of a mass cell with approximately 70 other inmates and a dead body next to him. Death was a commonplace occurrence in Thai prisons, and over the course of a week, he once counted 25 bodies being taken out covered in white sheets (Shaun Attwood Billy Moore Interview).

Very few people are aware that there are long-standing traditions of sexual mysticism in the West. During the last quarter of the twentieth century, many in the West became aware of Hindu and Buddhist forms of Tantra, but Tantric traditions were often distorted in the process of transmission or transference to the modern West, where they often became commodified and trivialised.
