This Kanji index method groups together kanji that describe things that deal with the same concept, for example kanji for numbers or kanji for directions.. Kanji with multiple meanings may appear more than once.

### **List of kanji by concept - Wikipedia**

A few years ago, I was asked to explain lactic acid fermentation in sourdough, and the difference between homo- and heterofermentation. Not an easy task, partly because I wasn't satisfied that I knew enough, or that I could reconcile what I was reading in bread-baking books with what I had learned in school. To sort it out, I had to dig deeper into the scientific literature.
