This is Libba Bray, a writer much more interested in subverting that paradigm—girl-on-girl psychological violence as spectator sport—than playing into it...Beauty Queens is a madcap surrealist satire of the world in which her readers have come of age—reality TV, corporate sponsorship, product placement, beauty obsession—but ultimately ...

### **Beauty Queens - Libba Bray**

Beauty Queens is not at all what I expected. What I expected was a group of beauty queens crash land on an isolated island and it's not long before the ruthlessness of the pageant morphs into a violent "survival of the fittest" mentality, a la Lord of the Flies. I would have also settled for a dark and biting satire on consumerism and pop culture.

### **Beauty Queens Summary - Shmoop**

Beauty Queens starts off beautifully (no pun intended) - a mysterious plane crash, quirky characters, and the challenge of surviving without food, shelter, and -gasp- lip gloss! Libba Bray makes it clear that this is not a Lost or Lord of the Flies inspired story, but it could have been a brilliant and witty comeback to both.

Libba Bray serves up a terrifying prediction of the future from her 2011 book with *Beauty Queens*. There is no way this wasn't written in 2017 and then post dated back to 2011, but apparently it the relevance it has to today is probably better than it was even back then.

**Beauty Queens Quotes by Libba Bray - Goodreads**

Billed as a satire, *Beauty Queens* is Libba Bray's attempt at an ironic, mocking explication of modern day America – an attempt that, in this reader's opinion, fails. Unfortunately, I found *Beauty Queens* to be a painful and pointless endeavor, with all the significance and longevity of a spray-on faux tan. The way I see it, satire is meant ...
