Here is a set of practice problems to accompany the Functions of Several Variables section of the 3-Dimensional Space chapter of the notes for Paul Dawkins Calculus II course at Lamar University.

Calculus II - Functions of Several Variables (Practice ...

Now, this might be an unusual way to present calculus to someone learning it for the first time, but it is at least a reasonable way to think of the subject in review. We will use it as a framework for our study of the calculus of several variables. This will help us to see some of the interconnections between what
