Sandstone is a clastic sedimentary rock composed mainly of sand-sized (0.0625 to 2 mm) mineral particles or rock fragments.. Most sandstone is composed of quartz or feldspar (both silicates) because they are the most resistant minerals to weathering processes at the Earth's surface, as seen in Bowen's reaction series. Like uncemented sand, sandstone may be any color due to impurities within the ...

I began work on The Irish Origins of Civilization in 2005, and published both volumes of the book in November 2007. My researches into Ireland's role in world history commenced in 1981, after a preliminary study of ancient Irish mythology. As of this date (2018) few of my theories and assertions have been accepted by modern-day writers and researchers.

My research at this website is that of a Secular Humanist. Secular Humanists understand that the Bible is _not_ the word of God (for the reasons why please click here). Secular Humanists seek to explain the Bible's concepts as evolving from within the context of the Ancient Near East and its religious notions regarding the origins of the world, why man was created and what his purpose in life is.

Bechamel Food historians tell us the art of reducing cream sauces (aka cream reductions) began in 18th century France. Think: Antonin Careme. Some argue modern bechamel was introduced a century earlier by La Varenne. Our survey of historic recipes confirms a facinating dichotomy between the "ancienne" formulary and contemporary sauce.

The offspring from this illicit union between angels and human women were giants who "became mighty men which were of old, men of renown." (Genesis 6) The fact that they were giants, is also proof in and of itself that their parentage was superhuman. But these giants were evil. Having been born of corrupted, Satanic angels they dominated the Earth and filled it with violence.
