Three reasons running at night is better than during the day

Here is why running in the day is much better than running at night. ... Can run trails - The only way I can run on trails at night time is with a headlamp on and even then I'm not gonna take that risk around here in case I encounter wild dogs.

Why Running During The Day Is Better Than At Night

I would never advise running at night or in the dark unless you are part of a running group where there are more than three people with you. Unless you are wearing luminous running gear it is very unlikely that a driver will be able to see you even with their headlights on. During the day time a driver can hardly miss you.
