History of Art - Photography. THE STORY BEHIND THE PICTURES 1827-1991 : 1 Nicephore Niepce. View from the Study Window, 1827

History of Art: History of Photography

The aims of graphic art and the need for photography converged in yet another respect in the 19th century. In accord with the charge of French Realist painter Gustave Courbet that it was necessary "to be of one's time," many artists rejected the old historical themes for new subjects dealing with mundane events in contemporary life.

World War II - HISTORY

The history of photography began in remote antiquity with the discovery of two critical principles: camera obscura image projection and the observation that some substances are visibly altered by exposure to light. There are no artifacts or descriptions that indicate any attempt to capture images with light sensitive materials prior to the 18th century.
