If you've ever found yourself asking a coworker what the "official" term for the sex industry is, you might be creating metadata. The answer is "sex-oriented businesses," by the way, and the 2010 Terry Gross interview with memoirist and former dominatrix Melissa Febos was the question's inspiration. Using authoritative terms for topics, places and personal names will help ensure ...

An accelerometer is a device that measures proper acceleration. Proper acceleration, being the acceleration (or rate of change of velocity) of a body in its own instantaneous rest frame, is not the same as coordinate acceleration, being the acceleration in a fixed coordinate system. For example, an accelerometer at rest on the surface of the Earth will measure an acceleration due to Earth's ...
