### **Austerity: The History of a Dangerous Idea - Wikipedia**

A short history of austerity: it almost never works. The deflationary impact of keeping their currencies pegged to gold, along with the austerity policies they followed to do so, was disastrous. In Britain, unemployment jumped from 10.4% in 1929 to 22.1% by early 1932, even while government debt surged.

### **A short history of austerity: it almost never works ...**

Austerity: The History of a Dangerous Idea. Not from an orgy of government spending, but as the direct result of bailing out, recapitalizing, and adding liquidity to the broken banking system. Through these actions private debt was rechristened as government debt while those responsible for generating it walked away scot free, placing the blame on the state, and the burden on the taxpayer.

### **Austerity: The History of a Dangerous Idea - Mark Blyth**

Austerity: The History of a Dangerous Idea. In the same scene, he points a finger and says "Populism, nationalism, and calls for the return of 'God and gold' in equal doses are what unequal austerity generates, and no one, not even those at the top, benefits" (15). This, we know, is patently false.

One of the especially good things in Mark Blyth's Austerity: The History of a Dangerous Idea is the way he traces the rise and fall of the idea of 'expansionary austerity', the proposition that cutting spending would actually lead to higher output. As Blyth documents, this idea 'spread like wildfire.'
