Backpack Emily Barr

Community Reviews. For me, Emily Barr is a bit problematic. Her books are either a big hit or wide off the mark. Well this was a BIG hit. The writing was intense and Tansy is a complex character. Although Tansy isn't particularly likable at the start I was still keen to follow her which is a testament to the writing.

The original backpacking novel. After the death of her mother, Tansy ends up travelling through Asia without really meaning to. She hates it at first: she is in no mood to have fun, and besides, she's missing her life back home.

Backpack - Emily Barr

Emily Barr is a former Westminster researcher who now writes for the Guardian and the Observer. Backpack is her first novel and, like Tansy, takes a while to find itself. City-girl pretensions jostle with shoestring-style travelogue and it is only when it hits full-throttle thriller mode that Barr's strength as a novelist becomes apparent.

Having read/listened to other books by Emily Barr, I had no qualms in using my monthly credit to download 'Backpack'. I found out that 'Backpack' is one of Emily Barr's early books; in fact I believe it is her first, and as I am familiar with her style and plot choices in later books, I did see the main reveal at the end of the book coming.

I was reminded of Backpack by Emily Barr when I saw she had recently released a new book. I bought Backpack many years ago now, a few years after its initial release (I'm thinking 2007?), so with a bit of digging through my cupboards I found the paperback copy and gave it a read.

Adrift in the wake of her long-suffering mum's death, Tansy hopes her modest inheritance will help cast her in the role of glamorous 'Englishwoman Abroad,' as she flits from Vietnam to China. Instead, she finds ungrateful locals who treat her like the tourist she is, a climate that's hell on her skin, and a motley group of grimy back packers she likes more than she'll ever admit.

Geschreven bij Backpack. Na mijn goede ervaringen met 'Bagage' van Emily Barr, besloot ik dit boek te kopen. Ik heb er geen moment spijt van gehad. Een heerlijk scherp, humoristisch, maar ook reuzespannend boek over backpacker Tansy die reist door Azie en het gevoel heeft achterna gezeten te worden door een moordenaar.
