Biology 34.4 Fertilization and Development study guide by Matthew\_Love31 includes 62 questions covering vocabulary, terms and more. Quizlet flashcards, activities and games help you improve your grades.

**Biology 34.4 Fertilization and Development Flashcards ...**

Fertilization and Development The sperm cells move through the uterus into the fallopian tube, where one sperm cell may fertilize the egg cell. The fertilization brings together 23 chromosomes from the male and 23 chromosomes from the female, resulting in the formation of a fertilized egg cell with 46 chromosomes.

**Fertilization and Development - CliffsNotes Study Guides**

Fertilization, pictured in Figure 24.23 a is the process in which gametes (an egg and sperm) fuse to form a zygote. The egg and sperm each contain one set of chromosomes. To ensure that the offspring has only one complete diploid set of chromosomes, only one sperm must fuse with one egg.

**24.6. Fertilization and Early Embryonic Development ...**

Development Step 2: Cleavage and Blastula Stage. After fertilization successfully activates the egg, the egg begins a series of rapid cell divisions called cleavage, illustrated below. Normal cell division occurs every 18-24 hours, but cleavage cell divisions can occur as frequently as every 10 minutes.

**Animal Development I: Fertilization & Cleavage | Biology 1520**

Fertilization is the process by which male and female gametes are fused together, initiating the development of a new organism. The male gamete or 'sperm', and the female gamete, 'egg' or 'ovum' are specialized sex cells, which fuse together to begin the formation of a zygote during a process called sexual reproduction.

**Fertilization - Definition, Types and Process | Biology ...**

Internal fertilization protects the fertilized egg or embryo from predation and harsh environments, which results in higher survival rates than can occur with external fertilization. Ovoviparity is characterized by an organism retaining a fertilized egg inside the body where development occurs and nourishment is received from the yolk.
