In this article, we explore what is an acceptable waiting time for a contact centre, also known as wait time. As discussed in our article "What Are the Industry Standards for Call Centre Metrics?", the traditional wait time for contact centre customers is 20 seconds. This gives the metric for the Average Wait Time (AWT).

### **What Is an Acceptable Contact Centre Waiting Time?**

A CPU cache is a hardware cache used by the central processing unit (CPU) of a computer to reduce the average cost (time or energy) to access data from the main memory. A cache is a smaller, faster memory, closer to a processor core, which stores copies of the data from frequently used main memory locations. Most CPUs have different independent caches, including instruction and data caches ...
