Biology is the natural science that studies life and living organisms, including their physical structure, chemical processes, molecular interactions, physiological mechanisms, development and evolution. Despite the complexity of the science, there are certain unifying concepts that consolidate it into a single, coherent field. Biology recognizes the cell as the basic unit of life, genes as ...

What is Negative Feedback in Biology? - Definition ...

Since in a comment you mentioned Visual Studio 2012, you have `<conio.h>`. The function you are looking for is `getch` as others have stated. You could also set up a loop and use `kbhit`, but you'll eat up CPU cycles that way without `Sleep` from the Windows API or whatever it is called these days, not to mention you might miss a key press if you make the thread sleep too long. - user539810 Sep 15 ...

"Press Any Key to Continue" function in C - Stack Overflow

I'm writing a C program under Windows that should send an ENTER key to a dialog box to close it automatically. I retrieve the handle to the top level window I'm interested in (by means of `EnumDesktopWindows()`) and then try to send an ENTER key using `SendMessage` (note also that closing the window by sending `WM_CLOSE` works fine).

Can't send key to window with SendMessage - Stack Overflow

What Is Work? On a typical day, you probably wake up, get dressed, eat breakfast, and head off to work. After you spend all day at your job, you go home, eat dinner, walk the dog, maybe watch some ...

Wage slavery is a term used to draw an analogy between slavery and wage labor by focusing on similarities between owning and renting a person. It is usually used to refer to a situation where a person's livelihood depends on wages or a salary, especially when the dependence is total and immediate.. The term "wage slavery" has been used to criticize exploitation of labour and social ...
