The Truth About Silver Protein Products. Silver protein products are one of the three types of products being sold as "colloidal silver". These products are sometimes labeled as "silver protein" or "mild silver protein" — and some are simply labeled as "colloidal silver" with no mention that the product contains a protein.

Bisulfite sequencing (also known as bisulphite sequencing) is the use of bisulfite treatment of DNA before routine sequencing to determine the pattern of methylation. DNA methylation was the first discovered epigenetic mark, and remains the most studied. In animals it predominantly involves the addition of a methyl group to the carbon-5 position of cytosine residues of the dinucleotide CpG ...
